U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on JULY 22, 1979
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
JULY 23 - 29, 1979
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of August 2 (based on reports from exporters for the week ending July 22, 1979).

Wheat: The net increase in outstanding sales of 665,800 metric tons (MT) was off sharply after five consecutive weeks of heavy buying activity. Korea, Chile and Japan were the principal buyers. Significant sales to unknown were more than offset by switches from unknown to the USSR and several other countries. Marketing year (MY) 1980/81 activity was limited to sales of 100,000 MT to unknown. Exports were extremely heavy (970,900 MT), reaching the largest weekly total in recent years.

Corn: Interest in current MY sales continues fairly light with the USSR and several other countries adding to prior contract balances. Sales activity was again brisk for shipment during MY 1979/80 with a net increase of 1,411,400 MT. Japan, China-Taiwan and Mexico were the major buyers. The USSR was named the final destination on 1,475,000 MT previously reported to unknown. Exports of 1,742,900 MT were extremely heavy, establishing a new record weekly export total.

Barley: Export activity was modest with two transactions dominating events. Iran purchased 20,000 MT, while 25,000 MT was shifted from unknown to the USSR. Exports were heavy as 42,800 MT moved to Poland.

Sorghum: East Germany and Mexico were the principal buyers during the week. Japan added a small amount to MY 1979/80 purchases.

Rice: Some improvement was reported in sales with South Africa and Canada adding to MY 1978/79 purchases. Ghana (under PL-480) was the major buyer for next MY delivery. Exports (40,300 MT) were modest.

Soybeans: MY 1978/79 sales continued the slow pace of recent weeks. Unknown destinations sales were reduced by 58,800 MT as final destinations were assigned. Sales to the EC, Taiwan and Japan accounted for the bulk of the MY 1979/80 business. Sales to unknown (105,000 MT) were switched to Spain. Exports (253,600 MT) were down with Japan (117,800 MT) accounting for nearly half.

Soybean Cake and Meal: Sales (82,300 MT) increased slightly with the Netherlands and Mexico the major buyers. A 41,300 MT reduction in sales to unknown reflected the assignment of final destinations (USSR, Spain and others). Exports (139,400 MT) were up over 46 percent with Europe and the USSR accounting for nearly three-fourths.

Soybean Oil: Sales (10,400 MT) more than doubled due to purchases by Poland, Chile and unknown destinations. Significant sales were also reported to unknown for MY 1979/80. Exports (7,900 MT) went primarily to Chile, Venezuela and Haiti.

Cotton: Sales activity was strong. MY 1978/79 sales increased 22,500 RB as numerous adjustments partially offset a new sale to China-Mainland of 29,700 RB. MY 1979/80 sales of 123,200 RB were mainly to Japan (27,400 RB), China-Mainland (25,000 RB), Indonesia (15,400 RB), Greece (10,700 RB), and Korea (9,300 RB). Exports improved to 110,200 RB with 84 percent going to Asia and 9 percent to Europe.

Oats and Rye: Showed no significant activity.
